# When Nature Calls

Learn to build using solar power, green roof, and clay-wood construction. Attend our spring presentation series or on-site summer workshops.

The local branch of the Cascadia Green Building Council has designed a new public washroom for Art Gibbons Memorial Park in Rosemont, Nelson.

The goal of this project is to construct a demonstration net-zero energy building that showcases healthy, local, energy conserving materials.

The building will be constructed with local clay and wood-chips, a vegetated green roof, and locally-sourced, forest stewardship certified (FSC) timbers. Construction is set to begin in April, 2012 and is scheduled to be completed by September, 2012.

## Presentation Series

March 28, 2012  
Net-meter Renewable Energy Systems

April 18, 2012  
Wood-chip Clay Wall System and Natural Plaster

May 16, 2012  
Vegetated Green Roof

Location: The Seed Studio, 607 Front St.  
Time: 7pm  
Cost: free for Cascadia members, \$5 for non-members

Seminars co-sponsored by:

## On-Site Workshops

June 2-3, 2012 (two 1-day workshops)  
Wood-chip Clay Infill & Clay Brick Production

June 16, 2012  
Vegetated Roof System

July 14-15, 2012 (two 1-day workshops)  
Wood-chip & Clay Brick Wall Assembly

July 28-29, 2012  
Natural Plastering

September 16, 2012  
Renewable Energy Systems and On-Demand Hot Water (1/2 day workshop)

Location: Art Gibbons Park, Rosemont  
Cost: \$49 per day, lunch included. Cascadia members receive a \$10 discount.
